

ANNUAL ELEMENT PROGRESS REPORT

Housing Element Implementation

(CCR Title 25 §6202)

Jurisdiction KINGS COUNTY

Reporting Period 01/01/2013 - 12/31/2013

Pursuant to GC 65400 local governments must provide by April 1 of each year the annual report for the previous calendar year to the legislative body, the Office of Planning and Research (OPR), and the Department of Housing and Community Development (HCD). By checking the “Final” button and clicking the “Submit” button, you have submitted the housing portion of your annual report to HCD only. Once finalized, the report will no longer be available for editing.

The report must be printed and submitted along with your general plan report directly to OPR at the address listed below:

**Governor’s Office of Planning and Research
P.O. Box 3044
Sacramento, CA 95812-3044**

Table C

Program Implementation Status

Program Description (By Housing Element Program Names)		Housing Programs Progress Report - Government Code Section 65583. Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.		
Name of Program	Objective	Timeframe in H.E.	Status of Program Implementation	
Code Enforcement	Continue to address code violations in the County unincorporated areas. Refer property owners to rehabilitation assistance.	6/30/2014	Code enforcement is an effective means of improving neighborhoods and addressing code violations. Code Enforcement does address code violations in the County unincorporated areas.	
Housing Rehabilitation Program	Provide 5 to 10 loans per year.	6/30/2014	During the 2013 reporting year, 4 homes were rehabilitated with funds obtained from HOME and CalHome grant funds. Additional units were acquired or constructed using Grant Funds. Kings County will continue to apply for State and Federal grant funds to help rehabilitate dwelling units, and to provide adequate infrastructure services to disadvantaged populations.	
Preservation of At-Risk Affordable Housing	Continue to monitor at-risk units.	6/30/2014	Kings County continues to monitor the potential units at-risk. Three projects with 117 deed-restricted units have affordability covenants that could expire within the upcoming planning period (5th Cycle). None of these units are within the Kings County jurisdiction; however, the County will continue to provide support to the cities with at-risk units whenever possible.	
Adequate Sites	Designate adequate sites to meet Kings County's housing needs of 1,094 units for the new planning period.	6/30/2014	Kings County has updated its General Plan Land Use Map and Zoning Ordinance and Zoning Map to reflect the RHNA plan. The County will maintain appropriate land use designations to provide adequate sites appropriate for	

			new housing to meet Kings County's housing needs allocation.
Density Bonus Program	Amend the Density Bonus Ordinance in conformance with current state law.	1/1/2010	The County has amended its Density Bonus Ordinance, and has included all of the current State requirements for Density Bonuses.
First Time Homebuyers Program	Provide 10 to 15 loans per year.	6/30/2014	In 2010, Kings County obtained \$1 million in CalHome Funding, part of which has been earmarked for supporting first-time homebuyers in upcoming reporting periods. In 2011, Kings County received an additional \$700,000 in HOME funds to support first-time homebuyers.
Section 8 Rental Assistance	Support the Housing Authority's Section 8 program by promoting the program via the County website and brochures at County Offices.	6/30/2014	The County continues to work with the Kings County Housing Authority to ensure that as many Section 8 vouchers as possible are distributed in Kings County.
Foster Youth Transitional Program	Continue to support the Housing Authority in the provision of transitional homes for foster youth.	6/30/2014	The Kings County Housing Authority implements the Foster Youth Transitional Program for Kings County, which ensures safe housing locations for youth are available.
Emergency and Transitional Shelters	Amend the Zoning Code to permit transitional/supportive housing subject to the same requirements and procedures as for other residential uses of the same type in the same zone, as required by state law. Continue to support the Kings/Tulare Continuum of Care Plan to develop transitional and emergency housing programs for homeless individuals and families.	6/30/2010	The Zoning Ordinance has been amended to allow Emergency Shelters in the One-Family and Multifamily Residential Zones.
Mobile Home/Manufactured Housing	Continue to allow manufactured housing by right in all zones which allow "one-family dwellings."	6/30/2014	In the 2013 calendar year, 4 mobile or manufactured homes installation permits were issued within the unincorporated County territory. Six additional mobile homes were replaced with newer mobile homes.
Farmworker and Employee Housing	Continue to support farmworker housing as follows: 1) Amend the Zoning Code to incorporate Sec. 17021.5 and Section 17021.6 of the Health and Safety Code; 2) Assist interested developers by identifying sites and supporting funding applications; 3) Provide, to the extent feasible, regulatory incentives.	1/1/2010	The Zoning Ordinance has been amended to allow community care facilities, supportive housing, and transitional housing that serves six (6) or fewer persons in the R-1 and RM Zones. Facilities that serve seven (7) or more employees or workers are allowed with a conditional use permit in the R, RM, and A Zone Districts. Kings County administratively permits farm employee housing of five (5) units or less in the AG-20, AX, AL-10, and AG-40 zones. Although no farm labor camps currently are present in Kings County, the County routinely permits mobile homes used as employee housing and smaller farmworker housing units. The County also has a significant number of government-subsidized housing projects. The County works with the Housing Authority and non-profit developers to develop rental and ownership housing for farmworkers.

Housing for Disabled Persons	Amend Zoning Code to remove potential constraints on community care facilities and housing for persons with disabilities.	1/1/2010	The Zoning Ordinance has been amended to allow community care facilities, supportive housing, and transitional housing that serves six (6) or fewer persons in the R-1 and RM Zones.
Promote Equal Housing Opportunities	The County will coordinate with the communities of Avenal, Corcoran, Hanford, and Lemoore to select a local fair housing provider that will provide centralized fair housing services for all jurisdictions within Kings County. The County will develop a fair housing brochure in Spanish and English or acquire one from a local fair housing provider or HUD. To broadly disseminate fair housing information, the County will distribute the brochure at City Hall, library, post office, appropriate shopping areas, and primary government offices within each Community Service District.	1/1/2010	This project has yet to be completed.
Assist Affordable Housing Development	Seek applicable grants under Proposition 1C and Federal sources, provide an inventory of housing sites to interested developers, adopt a local density bonus ordinance, and continue to pursue housing production and rehabilitation with non-profits.	6/30/2014	In 2011, Kings County obtained HOME Grant Funds to support first-time homebuyers and owner-occupied rehab projects in the unincorporated County. Four (4) owner-occupied rehab projects were undertaken in 2013. Kings County will continue to apply for State and Local funding that will allow the County to erect affordable housing units and/or supplement affordable housing developments already in operation.
Energy Conserv. and GHG/Particulate Matter Reduction	Increase energy conservation and reduce greenhouse gases/particulate matter in Kings County by encouraging developers to comply with the California Green Building Standards Code. Developers receive expedited plan check/permit processing if their project meets or exceeds the California Green Building Standards Code or if the project incorporates a photovoltaic system that provides energy for residential uses. This program will be publicized through postings within the Community Development Agency office and on the Agency's webpage.	6/30/2014	Kings County Community Development Agency has adopted a new program that includes expediting plan check and permit processing for residential projects designed to comply with the voluntary residential requirements of the California Green Building Standards Code. This expedited plan check/permit processing will also be provided for photovoltaic systems that generate energy for residential uses.
Weatherization and Energy-Efficient Home	Reduce residential energy use and	6/30/2014	The County has established a goal to provide 5 to 10 households in the

Improvements	carbon footprint by providing financial assistance to lower-income households for weatherization and energy-efficient heating and cooling systems.		unincorporated county with funding for owner-occupied rehabilitation projects, yearly. These rehab projects may include weatherization and energy-efficiency upgrades as part of the program.
Single Room Occupancy (SRO) Housing	Address the needs of extremely-low-income persons through SRO housing.	1/1/2011	Kings County administratively permits multi-family housing, including SROs, in the RM Zone District. Facilities that serve seven (7) or more farm employees or farm workers are allowed with a conditional use permit in the R, RM, and A Zone Districts.
Promote Fair and Balanced Fee Structures	The objective of this program is to balance the benefits of non-profit affordable housing tax benefits with the importance of maintaining local funding mechanisms for the continuance of essential County services.	6/30/2014	Kings County has not experienced a significant negative impact due to the loss of property tax revenue. Kings County will continue to work with County analysts to determine the status of local funding.
